Membership expires on 31 August each year

Help us help you

Membership is one of the most valuable contributions you can make to your self-management and knowledge about arthritis. It ensures you receive information about research at the cutting edge of arthritis treatments. It also gives you easy access to our health educators during business hours and entry into one or more of our support groups. You can even attend any of our courses at no charge.

Your Membership also gives support to Arthritis SA's efforts to lobby Government, advocate on behalf of those with arthritis, raise the profile of arthritis and its impact on individuals and the community, as well as the organisation's quest to gain corporate and community support.

Arthritis SA, the business name we use for our organisation - Arthritis Foundation of South Australia Inc. - welcomes anyone with arthritis, young or old, as well as family members and others keen to create a brighter, healthier, more mobile and agile future for those with arthritis. We do this through education and by funding medical research. We're proud to announce that thanks to the South Australian community, we allocate more to medical research each year than counterparts in other parts of Australia.

So please, help us help you by becoming a Member, or renewing your Membership, to create a healthier future.

Julie Black
Chief Executive Officer
